MyColor

Professional digital printing machine manufacturer more than 26 years experience

4 HEAD DTF PRINTER

Value-Rite™
BUSINESS PRODUCTS INC

Main Features

- High-strength Aluminum milling frame ensures stable output of 4-head printing
- Advanced mechanical control system and circuit control system ensure more stable printing
- Automatic powder recycle shaking machine saves time and labor cost, and makes operation more convenient
- 10 pcs heating tubes Longer heating tunel suit for 2/4/6/8 pass different printing speed
- Humanized design function, easier to operate

Application

01 Pressure adjustable pinch roller
02 High precision machinery ink station
03 Ink alarm system
04 Tyflon belt for move film
05 Intelligent Suction control panel

Printer	M2070-3(4)Pro
Print head	Epson I3200-A1*4
Print width	600mm
Resolution	3200dpi
Color	(C/M/Y/K+white)
Ink	Pigment ink
Power supply	220V 50HZ/60HZ(110v,Option)
Speed	4pass:27m²/h 6pass:17m²/h 8pass:13m²/h
Operation environment	Temperature; 18-30℃, humidity:40RH-70RH
Power consume	1500W (Heat on) / 400W (Heat off)
Machine size	193*80*167cm; Package210*94*88cm
Weight	216kg
Shaker	**DF-700L(W)**
Print width	600mm
Heating	Intelligent 10 heating tubes infrared heating
Package size	236*115*128cm
Weight	297kg
